*Welcome to  
Hackwood Farm*

*Hackwood was founded in 2010 by Georgina and Neil Crofts with the aim of providing a farm shop and cafe with a focus on good quality, honest local food.*

*The origins of Hackwood go back some 200 or so years where it was a large dairy farm for most of its life.*

*Prior to Hackwood opening its doors as a farm shop and cafe, the farm had changed to sheep with the building you are sat in being used as a lambing shed. Georgina and Neil set about the conversion of the building into its present state along with an upgrade of the farm and the reintroduction of livestock.*

*The food that you eat in the cafe is likely to have come from our farm shop where we focus on supporting local producers, farmers and growers.*

*We hope you appreciate the simplicity of Hackwood which focuses on a wonderful atmosphere in an honest building with honest food.*

*Enjoy!*
